

HOW WE HELP

Perhaps you're coming to the end of your commercial buildings lease

and over wasting money on rent or outgrown your current setup. So relocating seems the only option to expand your commercial space for your business. But moving isn't easy, you've got to spend your valuable time finding something that suits your commercial business and it's nearly impossible to find one that gives you everything you need without compromise.

# SO WHY NOT BUILD YOUR OWN!

To invest in your own premises gives you better options like choosing the ideal location, able to reflect your business stylistically and one that suits you. By engaging AC Building your business will utilise our professional competency as commercial builders and get the building designed and constructed to match exactly how your business operates, enabling you to improve your operations, increase your efficiency and increasing your profits

So building your own premises would be ideal but often it seems overwhelming that's we're here to help!

We've designed our business to give  
you a team of professionals

that can expertly identify what your business  
operations need from a new commercial building  
so you operate effectively and efficiently.

We help in numerous ways, we can find the  
land in the location that ideally suits all your criteria  
based around your business operations.

Giving you the help  
you need to make  
sure you get what  
you want.

Freeing you to spend more time on  
getting on with business, with your family  
and enjoying your work/life balance.

We'll work with you preparing the designs and then obtain all the necessary development and building approvals.

By using AC Building to manage the whole commercial construction process you'll have a sense of security and one point of call for the entire length of the project.

We'll prepare and obtain council certifications including preparing all the documentation required for each stage of construction to handover.

We'll manage the entire construction process from design to completion

Freeing you  
so you can  
get on with  
running your  
business.

While we go about minimising construction costs by adjusting the design to build in the most cost effective way. And by controlling the whole process in-house saves you thousands while still getting the result you want and often cheaper than buying an existing building

# MAKE SURE YOU INVESTIGATE THE FEASIBILITY OF BUILDING INSTEAD OF BUYING

With AC Building you get an expert commercial builder who'll manage the whole process for you, saving you money so you can get on and run your business. To get started give us a call today and talk to
